

Compact MultiMeters + Voltage Detector

Combination MultiMeters with Built-in Non-Contact AC Voltage Detector To quickly check for the presence of AC Voltage before testing

EX300 Series Features:

- 0.5% basic accuracy
- Built-in non-contact AC Voltage Detector with red LED indicator and audible beeper
- Large 1" digits make it easy to read
- Low battery indicator
- Complete with stand, test leads, protective holster, batteries, bead wire, temperature probe (-22 to 572°F/-30 to 300°C) (Model EX330)

Built-in Non-Contact Voltage Detector automatically detects a live wire when the red LED is lit with audible beeper

Model EX310

Manual ranging

Model EX320

- Autoranging
- Max Hold: captures highest reading
- Data Hold: freezes the display

BUILT-IN

 Auto Power Off: conserves battery life

Model EX330

- Autoranging
- Data Hold: freezes the display

Specifications

- Auto Power Off: conserves battery life
- Type K Temperature °F/°C switchable
- Capacitance
- Frequency
- Relative function
